

KENT VELO GIRLS CYCLING CLUB

COMBINED RULE & HANDBOOK

November 2020

Welcome to Kent Velo Girls Cycling Club.

In 2008, when a couple of us wanted to find some women to ride with, the Kent Velo Girls Cycling Club was born.

The founding principle was (and remains), to provide a safe and encouraging environment for women to cycle.

Fast forward to today, and we have a thriving community of female cyclists. We are fit, healthy and getting outside to train and exercise all year - in Kent and all over the world - from wobbling along a trail as a newbie to National Championships and International racing.

We have developed a men's section, the Kent Velo Boys, and inspired and encouraged the development of Kent Velo Kids.

Welcome to our community. This Club is simply a combination of all those who volunteer, and everyone who rides.

We couldn't run it without people putting their hands up, for anything and everything, and we hope that in time you will feel able to step up and help the Club to run as smoothly as it does.

We have volunteer ride leaders for every ride, and there are countless opportunities throughout the year to do your bit to help, from making cakes and brownies for the Club Sportive to organising rotas for ride leaders, and stepping forward for key roles within the Club.

The Club is now entering a new era as it incorporates to form a company limited by guarantee. This will not alter the Club ethos, founding principle or the day-to-day operation, but it will offer better protection for Club members and officers.

In this process the Club will adopt the Combined Rule and Handbook which draws on the wealth of experience of managing the Club over the last ten years.

For your own and others' personal safety and enjoyment of the Club, we would ask that you follow these rules.

Please also take time to read the Club etiquette on pages 8 & 9, which seeks to improve the quality and enjoyment of Club rides for all concerned.

In the meantime, get out and enjoy your riding, enjoy exploring the Kent countryside. Take advantage of our countless experienced riders and the advice they have to share.

Enjoy your increased fitness and all the places that can take you.

I hope to see you on a ride soon.

Bee Gregorie

CLUB ETIQUETTE

Rules 20 - 22 (inclusive) provide the key elements required on Club rides.

The Club has gathered additional items, referred to as the Club Etiquette, that have been found over the years to improve the safety, quality and enjoyment of Club rides for all concerned.

1. It is preferable that Club kit is worn on Club rides.
2. When riding as a group, riders should:
 - a. rotate the front rider at regular intervals;
 - b. not ride off the front, back or not with the group;
 - c. ride in single file on busy or narrow roads or when riding around bends;
 - d. ride in pairs only when safe to do so, lining up handlebars;
 - e. when riding as an odd number in pairs, have the single rider positioned directly behind the rider in front and not at the back of the group;
 - f. never ride more than 2 abreast;
 - g. when going from pairs to single file, the outside rider goes in front of the rider on the inside; when safe to revert to pairs, the rider formerly on the inside accelerates up to join the rider formerly on the outside;
 - h. not half wheel (overlap wheels from behind);
 - i. use appropriate hand signals to indicate hazards to the riders behind;
 - j. leave a gap of no more than a bike length, but preferably a wheel width or less, between bikes;
 - k. bring an energy snack and drink;
 - l. carry a mobile phone and money;
 - m. use front and back lights all the year round to maximise visibility.
3. In terms of bike maintenance and care:
 - a. riders are expected to make sure their own bike is safe and roadworthy;
 - b. regular servicing will avoid unnecessary mechanicals; once a year or every 1000 miles is recommended;
 - c. riders should carry 1-2 inner tubes, a method of inflation (preferably CO2 canisters), tyre levers and a multi-purpose tool (even if riding on tubeless tyres);
 - d. when a mechanical occurs, the whole group will stop and assist with the repair;
 - e. the most common mechanical suffered is a puncture; each rider is responsible for changing their own inner tube;
 - f. other mechanicals (ie broken spoke or snapped chain) may be repairable on a ride, but a rider may need to arrange to be recovered. In these instances, the group will wait until a recovery plan is in place before continuing with the ride.
4. Each ride will have a designated ride leader (a member who has attended a rider development session) and their role is to:
 - a. provide the route, control the speed and keep the group together;
 - b. ensure that the rides leave the designated start point on time;
 - c. in the event of dangerous weather conditions, cancel the ride via a Facebook post;
 - d. where appropriate, give direction to the group to improve the group riding dynamics.
5. The highway code must always be followed but members are also asked never to:

KENT VELO GIRLS CYCLING CLUB - CLUB ETIQUETTE
